We are pleased to extend to the Viking Yacht Club officers and members reciprocal moorage privileges "valid until revoked" at our Club's moorage facilities located at the Port of Bremerton Marina.

We provide space for 2 vessels and offer up to the first 40 feet as complimentary moorage per vessel per night to Reciprocal Club members. This offering is limited to 2 boats at a time, 1 night in any 7 consecutive day period per vessel and 2 nights per vessel per month. Power and extras not included. The Harbormaster will collect for power and any moorage over 40 feet. The Marina can accommodate up to 100 foot vessels. Restrooms, showers, and laundry facilities are adjacent to the Harbormaster's office. Restaurants, visitor attractions, and buses are in close proximity along with the ferry terminal to Seattle and Port Orchard.

Upon arrival please check in at the Harbormaster's office and request RHYC reciprocal moorage. The Harbormaster may be contacted on VHF Channel 66a or by calling 360-373-1035.

If you have any questions, call contact me at 206-542-9160, or [rearcommodore@rhyc.org](mailto:rearcommodore@rhyc.org) and I will be glad to help.

On behalf of the Officers and members of the Roche Harbor Yacht Club we offer our best wishes for a safe and happy boating season.

Sincerely,

Elizabeth (Liz) Dodge  
Rear Commodore
