Barb is still receiving membership dues so new cards can be printed and distributed

Gary asked why Vice is responsible for the budget and recommended a by-law changed. There was discussion about the duties of the positions. Vice develops the budget and the Purser manages that budget to make sure we stay within the budget.

Dave has done a great job setting up 2011 Cruise schedule and has already had many cruise captains assigned to the each cruises. Wayne Davidson will step into Dave's position while he is away.

Steve had introduced 2 new prospective members. Paul and Nora and the new owners of Dave's boat. Steve's goal for the clubs membership is that dues will support the clubs activates and no fund raises will be necessary.

Steve gave some great boat ideas, such as using soap on the bumpers so they don't rub.

Steve also mentioned he has researched a few locations for the membership meetings. No one is happy with the current location. Board will decide.
